

PRESS STATEMENT

22nd March 2021

Today morning, it has come to our attention of an unfortunate accident at one of our construction sites along USIU Road which is under the possession and control of one of our independent contractors.

Unfortunately, the accident resulted in two fatalities and hospitalization of two persons. The Police and Directorate of Occupational Health & Safety were immediately informed.

We take Health and Safety very seriously and require our contractors to follow very stringent guidelines. We are currently working with the relevant authorities, including undertaking an exhaustive and independent enquiry to get to the bottom of what happened. In the meantime, we have instructed the contractor to close the site to allow investigations into the incident.

We are deeply saddened by this incident and our deepest condolences to the families that lost their loved ones. We are working with authorities to reach out to the families to offer our sympathies and support.
